BOND MEN FLOCK HERE

Many Eastern Financial Men
Now Are in Market For
North Dakota Securities

A rift in the financial situation is seen by members of the Guaranty Fund Commission and officials of the state administration as a result of developments and impending changes. There is strong prospect of 12 closed banks in the state reopening before spring, according to members of the Guaranty Fund Commission, which concluded a two-day session here considering the affairs of closed banks. The depositors in closed banks are showing a strong spirit of cooperation in efforts to reopen a number of banks, according to Gilbert Semington, state examiner.

Operations of the War Finance Corporation, which have prevented forced liquidation of many accounts by loaning money to banks, has had a good effect, officials say. Many farmers would have been closed out had it not been for the operations of this loan agency, which is increasing its business within the state, it is stated by officials and bankers.

A more liberal bond market has proved of aid to many counties in the state, a number of bonds at excellent prices. Trail county disposed of \$32,000 of 5-1-2 percent bonds at \$30 premium. South Dakota rural credits bonds now are selling at a 4.90 per cent rate of interest, according to information received at the state treasurer's office.

Many Bond Men Here

Numerous bond men and financial representatives of eastern concerns have been in the state capital conferring with officials on the proposal to obtain sale of all warrants in large lots. It was learned that one bond house proposed buying all the warrants issued but at a rate of discount which was held by the administration greater than the farmers should bear. A suit has been started to determine two or three points in the insurance law which it is held by eastern attorneys must be determined before the suit warrants can be handled in the same manner as bonds in the money markets. This suit, officials say, should have been started long ago. Had the points involved been already determined, the administration would now be in position to make an exceptionally fine sale of the warrants.

Among the bond men here were: Paul W. Lowden, of Minneapolis, of the firm of Lane, Piper and Jaffray; Mr. Hahn, of the Minnesota Loan and Trust Company; Mr. Brown, C. E. Long, of Spitzer, Rorick and Company, Toledo, O.

Reports of outside investors planning to purchase large tracts of North Dakota lands and open them to immigration, reports that the Federal Farm Loan bank would resume loaning operations in the spring and a general tendency of outside investors to regard North Dakota in a more favorable light since the election all are regarded as favorable signs of improved financial conditions throughout the state.

Government Doesn't Benefit
The state government itself, however, has not profited by the general improvement in conditions. It finds itself with a bond contract, inherited from the former administration, which forces it to pay 6 per cent interest on real estate bonds.

Decrease of state expenses through restricted activities in many departments, lessening of the number of employees and the pledges of cooperation received by Governor Nestos from many counties in the state-wide campaign to reduce the tax burden are favorable results for the state government itself. The bond contract, the huge losses which must be sustained in the state industries, with prospect of a greater loss in the Bank of North Dakota's operations than had been heretofore predicted, and obligation of the state to fulfill contracts made for machinery and work at the Grand Forks mill and elevator at the peak of prices more than a year ago are stumbling blocks in the road of the administration.

ROYAL ARCH IN
SESSION HEREDistrict Convention of Masons
Held in Bismarck

The first annual district convocation of the Royal Arch Mason chapters of the fourth district of North Dakota is being held in Bismarck today. Representatives of Mandan, Dickinson, Bowman, Killdeer and Bismarck chapters are to participate in the convocation, at the Masonic Temple. This afternoon at 3 o'clock there was to be a reception for the grand lodge officers present, followed by conferring of Mark Master degree. At 6 o'clock a supper is to be served at which speakers will be George E. Duis, of Grand Forks, grand high priest, and W. L. Stockwell, of Fargo, grand secretary. At 8 o'clock p. m. the Royal Arch Degree will be conferred by the Mandan chapter.

First mention of football was made in a history of London in 1175.

OPENING WILSON FOUNDATION DRIVE

Mrs. Montgomery Hare standing at the bell which will be sounded to mark the opening January 16 of the campaign for funds to endow the Woodrow Wilson Foundation for meritorious public service. Mrs. Hare is chairman for the New York metropolitan district. The campaign will be conducted throughout the nation.

"JACK" BENNET
HOME RAIDED;
GET BIG HAULOne Hundred and Ten Pints of
Blue Ribbon Whiskey Taken
By Officials

County officials under the leadership of County Attorney F. L. McCurdy today raided the home of Mr. and Mrs. "Jack" Bennett, south of the tracks, and secured 110 pints of Blue Ribbon and 19 quarts of Old Irish, well known brands of whiskey.

In the searching party in addition to Mr. McCurdy were Sheriff Welch, V. L. Watkins and Howard Watkins. Mrs. Bennett, said the states attorney, met the party at the door and did not resist search when the warrant was served upon her. She got in telephone communication with her husband, however, who was down town but he failed to arrive before the party left with the liquid goods.

Warrants were issued charging the Bennetts with illegal possession of liquor in defiance of the state dry act. The liquor was found in a special excavation under the potato bin and is now in charge of Sheriff Welch. The defendants will be given an early hearing on the charges preferred.

PRISONER GOES
OUT COAL SHUTEHis Taking French Leave Brings
Fine Down On Him

Jack Hines was placed in the "cooling room" at the police station, it being alleged by officers that he was under the influence of liquor. After a time he took French leave through the coal chute, but was retaken and disciplined by Police Magistrate Cashman to the extent of a fine of \$10 and costs for jail breaking, the time to be served out.

Vesley Gandy was arrested by the police on a charge of carrying concealed weapons and bound over to district court.

WILLISTON MAN
BURNS TO DEATH
IN LONELY SHACK

Williston, N. D., Jan. 13.—Albert Frederickson was burned to a charred mass of flesh and bones at an early hour Thursday morning when his log shack was destroyed by fire. When found the body could hardly be identified. The origin of the fire is unknown. Officers and friends of the dead man have not been able to locate any of his relatives.

Frederickson was last seen between 11 and 12 o'clock Wednesday night and was said to be in an intoxicated condition.

STILL AFTER
FATTY'S JURY

San Francisco, Jan. 13.—The state had four peremptory challenges and the defense ten for use in selection of the jury when the Superior Court opened today in the second trial of Roscoe C. Aruckle, charged with manslaughter out of the death there on Sept. 9, last, of Miss Virginia Rapp, motion picture actress. When court adjourned yesterday 11 jurors had been passed temporarily and only 11 persons remained in the original venire of 65. It is considered probable a second venire will be necessary.

DEANERY TO MEET.

Jamestown, N. D., Jan. 13.—The Episcopal deanery of northwestern North Dakota will meet at Bismarck Jan. 17-18, under the supervision of Rev. C. P. Drew of Jamestown. General church problems will be discussed.

WATCH YOUR STEP,
FRIDAY THE 13th

Did you—
Walk under a ladder?
Light three cigars with one match?
Let a black cat cross your path?
If you did these, or any one of a hundred other things today, be careful—
It's Friday, the 13th.
If you get through the day you can rest safely until October, when there is another Heedoo day.

FORM LEAGUE
IN CALIFORNIAFirst State Convention of Non-
partisan League is Held

Modesto, Calif., Jan. 13.—Virtually all the delegates expected to attend the first state convention of the Nonpartisan League at which origination of the league as a political party in the state is to be completed, were here early today.

Prominent among them was Walter I. Yarrow, who figured in the California oil field strikes several weeks ago. He is head of the southern delegation and also is a speaker. Other prominent speakers on the convention program are D. C. Forman, Minneapolis, national organizer of the League; Waldo D. Summers, former executive officer of the National Progressive party of Canada, and later with the Nonpartisan League in North Dakota.

The convention will last two days.

POINCARÉ TO
FORM CABINET

Paris, Jan. 13.—(By the Associated Press.)—Raymond Poincaré, former president of France was seeking today to form a cabinet to succeed that of M. Briand which resigned yesterday. The prevailing impression in political circles was that he would complete his task and would submit his list of ministers to Pres. Millerand for approval early this afternoon.

THREE CARS OFF TRACK

Three of Injured Passengers
Able To Proceed To Their
Destination, Report

Spokane, Wash., Jan. 13.—Five persons were seriously injured and 10 or 12 others were slightly hurt when the three rear cars of Northern Pacific passenger train No. 1 west bound, the North Coast Limited, were derailed five miles west of Connell, Washington, last night, according to information today from the dispatcher's office at Pasco.

It was declared the fears are held that the injuries of two of five passengers in the hospital may be fatal. The only names obtainable were those of Mr. and Mrs. McCroskey, of Pullman, Wash.

The other injured passengers proceeded to their destinations.

FIRST STEP IN
MILLER HEARING
AT WASHINGTONJudge Hanley of Mandan Re-
presenting Bismarck Man De-
mands Early Disposition

Washington, Jan. 13.—The first step in the matter involving the confirmation of President Harding's nomination of Andrew Miller, of Bismarck, N. D., to be federal judge for North Dakota, was taken here before the sub-committee of the judiciary committee late yesterday.

The preliminary hearing, held before the date of formal hearing, was set for next Monday, was held with Ormsby McHarg, of Jamestown, attorney for the protesters, and Judge J. M. Hanley, of Mandan, acting for Mr. Miller, present.

Mr. Hanley, on Miller's behalf, declared himself willing to proceed with the case, while Mr. McHarg asked for time to get witnesses from North Dakota. Mr. McHarg asked that the witnesses be subpoenaed by the government, their transportation and fees to be paid by the government. This request was denied.

Mr. Hanley, who is North Dakota representative on the American Legion national committee, insisted that there be no delay on action on the disloyalty charges. Two documents were presented by Mr. Hanley showing two subscriptions for Liberty Bonds by Mr. Miller, one of \$250 and another for \$750. A certificate signed by the Ninth Federal Reserve District loan committee, headed by A. R. Rogers, of Minneapolis, stated that Mr. Miller had been placed on the honor roll of this district. Mr. Hanley also called attention of the sub-committee to the fact that two sons of Mr. Miller served in the World War. The committee decided that there was no basis for the disloyalty charges and will hear no more evidence on them.

At the hearing Monday, former Senator Thomas F. Thomas, of Colorado also will appear as a representative of Mr. Miller. The judiciary sub-committee is composed of Senators Cummins, of Iowa, Ernst, of Kentucky and Ashurst, of Arizona. The first two are Republicans and the latter is a Democrat.

ARCHITECT BOARD
IS REORGANIZED

Joseph A. Shannon, of Devils Lake, has been elected president of the State Board of Architects, in meeting here, succeeding the late W. J. Edwards, of Grand Forks. Jos. Bell DeRemer, of Grand Forks, was elected vice president, and Arthur Van Horn, of Bismarck, was re-elected secretary-treasurer. The board in meeting here considered issuance of a number of licenses to architects.

FORCED WIFE TO
TAKE POISON, IS
CHARGE BROUGHT

Paris, Jan. 13.—(By the Associated Press.)—Mr. Audrey Creighton Ryan, better known as Miss Audrey Creighton, California violinist and prize winner of the American Conservatory of Music at Fontainebleau, is reported dying in the American hospital at Neuilly, from the results of swallowing three poison tablets. Her husband, Thomas Stewart Ryan, who is attached to the Paris staff of the Chicago Tribune, was arrested on a charge of giving the tablets to her. Later he is said to have stabbed himself, but not seriously.

According to the story told the police by the young woman her husband accused her of infidelity and forced her at the point of a knife to swallow the poison.

FRANCE OFFERS FORD BATTLESHIPS;
DOESN'T WANT JOB LOTS, HE SAYS

Washington, Jan. 13.—The French government has approached Henry Ford by cable asking if he would consider the purchase of battleships. In announcing the request, Mr. Ford said today that he had replied "that unless he could buy the entire French navy he would not be interested in job lots. No answer to his cable has been received," he said.

London, Jan. 13.—The Irish political prisoners in the London jails were released this morning under the amnesty proclamation issued by King George yesterday.

ASKS HARDING
HAVE POWER TO
ALTER TARIFFSenator Smoot Proposes To Al-
low President To Meet
Emergency Conditions

Washington, Jan. 13.—Broad powers asked for by President Harding in promulgating the proposed new tariff law with a view to meeting unusual and changing world conditions which could not be anticipated by congress would be granted under amendments to the Fordney bill proposed by Senator Smoot of Utah, ranking Republican on the senate finance committee. The president would be authorized to increase or decrease tariff rates by not exceeding 50 per cent of the rates fixed in the bill, to proclaim American valuation as a basis for assessing duties on any given list of imports; to change rates within the limit of fifty per cent so as to meet situations arising in American markets as a result of depreciated foreign exchanges; to prevent dumping in American markets and to prevent discrimination against American foreign commerce by foreign countries.

Adjustment of rates to equalize differences in conditions of competition of specified articles in the United States and competing foreign countries could be made only after investigation and hearing and would not be effective until within 30 days of their proclamation. Thirty days also would have to elapse before adjusted rates because of the depreciated currency would come into effect and also before proclaimed American valuation could be put into force.

Senator Smoot also offered an amendment to the American valuation section of the Fordney bill, proposing that where the duty is based upon or regulated in any manner by the value of the imported merchandise the duty would be assessed upon actual market value on the whole sale thereof at the time of exportation in the principal market or markets of the United States.

CREAMERY TAX
TO BE TESTED
IN HIGH COURT

Notice of commencement of suit to collect \$411.30 alleged to be due as creamery tax was served upon Northern Produce Company, of Bismarck, today by Commissioner of Agriculture J. A. Kitchen, through Assistant Attorney General Geo. Shafer.

The suit will result in a test in the courts of the validity of the creamery tax, assessed by the legislature to create a fund to be used in establishing the state experimental creamery at Warner. Many firms refused to pay the, but were not prosecuted by the former administration. Other creamery and butter factories in the state will join with the local company in presenting the case in the courts.

The tax is 50 cents on each 1,000 pounds of butter fat manufactured quarterly. Although the tax is now being paid by some concerns the Werner experimental creamery has been closed for months.

TO CUT AUTO PRICE

Washington, Jan. 13.—Another reduction in the price of automobiles including all models effective Jan. 15, was announced here today by Henry Ford. He said the reduction would be in small amounts because production already was close to "rock bottom."

NEWBERRY WINS
HIS FIGHT FOR
SENATE PLACEMichigan Man is Seated as Sen-
ator After Trial, Contest
and Log Debate

SAYS HE'S VINDICATED

Michigan Man Happy, at End of
Fight Which began Soon
After Election

Washington, Jan. 13.—Truman H. Newberry of Michigan, last night finally won his long fight for a seat in the United States senate.

The right to the seat was determined by the senate itself, which, by a vote of 46 to 41 on a resolution sponsored by Republican leaders, asserted that Mr. Newberry was entitled to his seat.

All who voted for him were Republicans, while nine Republicans and 32 Democrats voted against him. Three senators were paired for and three against the resolution and three senators did not vote.

Added to the resolution declaring Mr. Newberry entitled to his seat and denying the claim of Henry Ford, the defeated Democratic contestant in the 1918 election, that because of congressional expenditures Mr. Newberry was not entitled to sit in the senate, was a statement of public policy, by which the senate "severely condemned and disapproved" the use of excessive sums in behalf of any candidate.

Roll Call Vote.

The roll call decided the issue follows:
For: Republicans—Ball, Brandegee, Bursum, Calder, Colt, Cummins, Curtis, Dillingham, Edge, Elkins, Ernst, Fernald, France, Frelinghuysen, Gooding, Hale, Harrell, Kellogg, Keyes, Lenrott, Lodge, McCormick, McCumber, McKinley, McLean, McNary, Nelson, New, Nicholas, Oddie, Page, Pepper, Phipps, Poindexter, Shortridge, Smoot, Spencer, Standell, Sterling, Townsend, Wadsworth, Warren, Watson of Indiana, Weller and Willis.—Total, 46.

Against: Republicans—Borah, Capper, Jones of Washington, Kenyon, Ladd, La Follette, Norbeck, Norris and Sutherland.—Total, 9; Democrats, Ashurst, Broussard, Caraway, Culberson, Dal, Fletcher, Gerry, Glass, Harris, Harrison, Hefflin, Hitchcock, Jones of New Mexico, King, McKellar, Myers, Overman, Owen, Pittman, Pomerene, Ransdell, Robinson, Shepard, Shields, Simmons, Smith, Swanson, Trammell, Underwood, Walsh of Massachusetts, Walsh of Montana and Williams.—Total, 32. Grand total, 41.

"Persecution Ended," Newberry. Mr. Newberry himself on the floor only once during the long battle and then to speak in his own defense last Monday, telephoned his supporters at the capitol tonight after the result was determined that he regarded the result as a "complete vindication."

"My heart is filled with thankfulness," he said, "that the three years and four months of persecution has ended with a complete vindication and an exoneration of myself and all concerned."

P. O. RECEIPTS
SHOW UP WELL
FOR YEAR 1921

The Bismarck postoffice receipts for the year 1921 compare very favorably with reports of other cities received at the postoffice. There was a slight loss in receipts here, but the loss is far below the average loss of many cities for which reports already have been made.

Receipts for 1921 were \$135,270.20 as compared to \$137,186.17 for the year 1920. Receipts by quarters for 1920 were: Jan., Feb., Mar., \$33,399.50; April, May, June, \$32,518.29; July, Aug., Sept., \$32,240.20; Oct., Nov., Dec., \$32,928.18. For the year 1921, by quarters, receipts were: \$44,671.43; \$36,924.82; \$35,237.88, and \$26,332.07.

FARGO BARBERS
BACK AT WORK

Fargo, Jan. 13.—At a meeting last evening of the local barbers' union it was voted to go back to work. After discussing the situation at length it was found to be the opinion of the striking barbers that it would be useless to keep up the fight at this time.

JAMESTOWN CLUB ELECTS.

Jamestown, N. D., Jan. 12.—The Jamestown Commercial club has elected the following officers: O. A. Amundson, president; H. C. Miller, secretary; Andrew Haas, secretary; E. J. Rhodes, treasurer.

CALL ECONOMIC MEETING

Invitations Are Forwarded To
Nations to Send Delegates
To Meet in Italy

Cannes, France, Jan. 13.—(By the Associated Press.)—The allied reparations commission at a conference here decided to grant a provisional delay to Germany on her reparations account.

The supreme council today examined the situation created by the departure of the French delegation and ruled that decisions on which complete agreement had been reached should become operative, especially that regarding the Genoa conference for which Premier Bonomi of Italy was charged to issue invitations.

INVITATIONS FORWARDED.

Cannes, France, Jan. 13.—(By the Associated Press.)—Invitations to the Genoa economic conference decided upon by the allied supreme council were forwarded today to the various nations whose participation is sought. The United States and the most important countries were asked to send a minimum of three and a maximum of five delegates, and other nations two delegates each, the date, March 8, being provisionally fixed for the meeting.

GETTING READY
FOR INCOME TAXInformation To Be Given At
Local Office To Taxpayers

People of Bismarck and this territory will have opportunity to get a lot of information concerning the income tax which Uncle Sam will demand be repaid by March 15 from the Bismarck office of the Internal Revenue Bureau.

It is planned for a representative of the bureau to be in the local office in the postoffice building here every Saturday, for the purpose of giving information to persons who desire aid in making out their income tax report. From about March 15 it is expected there will be a representative in the office each day, and in addition to the present deputies, Fred Riley and B. E. Hitchcock, it is expected there will be a deputy to give information particularly to corporations.

Already many persons have applied for information to aid them in making out income tax reports. The blanks for the reports have not arrived, and it is announced that as soon as they are available notice will be given through newspapers.

STAY GRANTED
IN LIBEL SUIT
OF T. F. McCUE

Fargo, Jan. 13.—A stay of proceedings until March 15 has been granted the Cooperative Publishing company of Fargo, in its appeal from the \$7,500 verdict given against the company in favor of T. F. McCue of Carrington by a jury in the Cass county district court in December.

The stay is for the purpose of securing a transcript of the testimony at the trial. Mr. McCue, former attorney general of North Dakota, sued the publishing company for the sum of \$50,000, alleging criminal libel.

The suit was based on the publication of an article in the Cooperative Herald under date of Aug. 11, 1916, charging that McCue and Henry J. Linde, the latter then attorney general of North Dakota, were collecting a "slush fund" to defeat candidates for the state supreme court who had Nonpartisan league endorsement, and that McCue as attorney general of North Dakota, was blighted to the operation of blindpigs.

END ARGUMENT
IN BURCH CASE

Los Angeles, Jan. 13.—Final arguments to the jury in the case of Arthur C. Burch, charged with the murder of J. Belton Kennedy were expected to begin this morning, and there was a possibility the jury would go out tonight.

The arguments for the defense were concluded yesterday by Paul W. Schenck, chief counsel for Burch and Thomas Lee Woolwine, district attorney, alone remained to speak for the prosecution. Mr. Woolwine said he hoped to finish early this afternoon.

Another World-Beater
Holstein-Freisian
Heifer Is Produced

Brookville, Ont., Jan. 12.—A. C. Hardy, at his Avondale farm, near here has produced another world-beater in a Holstein-Freisian heifer, Soo Six Bella, which has completed a seven-day test with a production of 31.14 pounds of butter from 432 lbs. of milk. This establishes a new world's record for the seven-day division in the two-year old class.

MANY PROBLEMS CONFRONT THE STOCKGROWERS

Senator Kendrick Advises "Patient and Courageous Cooperation On Part of All"

Colorado Springs, Colo., Jan. 12.—Never before have the stockgrowers of the country been confronted with as many or as serious problems as those being faced today, Senator John B. Kendrick, of Wyoming, told the American Live Stock Association in convention here today.

"The solution of our task," said Senator Kendrick, "lies along the line of patient and courageous cooperation on the part of all. Let it not be said that the laborers are few or lacking in diligence."

Senator Kendrick voiced his approval of what is known as the agricultural bloc in the Senate when he said:

"The prospect of obtaining modifications in the tariff bill, favorable to the wool growers and live stock producers, is increased by the fact that nearly every member of the so-called agricultural bloc is in favor of such changes. And I may say here that the membership of this bloc is composed almost exclusively of Senators from the West and South, and includes something like an even number of members of both political parties."

"The actions of this group of men are not based upon an attitude either in opposition to or in favor of any political party, neither are they antagonistic to anything that speaks for the welfare of any other industry or any section of the nation. They are less concerned as to party politics and more concerned about the welfare of the people for whom they assume to speak, and they have been particularly concerned in securing at least limited recognition for agricultural, and livestock interests."

Senator Kendrick praised President Harding's efforts to secure some measure of relief for the live stock raisers and also paid a high tribute to Secretary of Agriculture Henry C. Wallace.

"It is doubtful," he said, "if in all the land a man could be found more worthy and well qualified or one in whom there is reposed more universal respect and confidence than our present Secretary of Agriculture, Henry C. Wallace."

"An important part of our legislative program is the enactment of a law that will provide a more permanent system of credits for producers of live stock than are now available. We have at this time one of the most effective systems of commercial credits enjoyed by any of the great nations. The Farm Loan Act has provided a fairly satisfactory method of making loans based upon landed securities, but no system of credits has yet been provided that will afford to such men reasonable access to loanable funds at low rates of interest and covering the necessary period of time required in the production of live stock."

In talking of the railroad situation as it concerns livestock raisers, Senator Kendrick said: "One of the many causes that have contributed so largely to the distress and discouragement of livestock producers has been the unjust, and as we fully believe, the unnecessary increase in freight rates."

In discussing market receipts, Senator Kendrick said:

"One of the most serious questions demanding attention at our hands is that of congested receipts in our markets. It is reasonable to believe that stabilized receipts would go far toward stabilizing prices. It is becoming more and more apparent that there is an urgent need for some form of concerted action by which receipts in our markets may be more evenly distributed. A conservative estimate would probably show that the heaviest losses sustained by stockmen are occasioned through our present indiscriminate system of marketing."

"Summarizing the problems which are to be solved, we must first contend for and secure an adjustment of railroad rates that will be based upon equity and fairness."

"It would seem imperative that we promptly take such steps as seem advisable toward bringing such influences to bear as will tend to regulate the volume of receipts in our markets."

"Through cooperation with allied branches of our industry we must exercise such legitimate influences as we have toward increasing the consumption and thus the demand for our products."

HEIRS TO \$10,000,000 But Will Stay on Their Jobs in Shoe Factory

Patrick Canning (right), one of the two heirs to \$10,000,000 left by Major Edward J. Curley (upper left), and Canning's daughter, Bertha, 8 (center), and Irene, 21 (below).

may take a vacation on her account, but it won't be for long."

And Irene, Canning's 21-year-old daughter—does she want to marry a title?

No, she's going to keep on sorting shoe soles!

"I'm quite contented as things are," she says, "and I don't see any reason for quitting work. Maybe I'll get married but I don't care anything about making what they call a brilliant catch."

Canning's two other daughters—Bertha, 8, and Gertrude, 10—will continue their studies in the Haverhill public school.

James Canning, Patrick's brother and co-heir to the fortune, shares Patrick's ideas.

"I'm too old to change my ways of living," he says. "Of course, I may play pool a bit in the afternoon and take in the movies of an evening and I'll give my children anything they want."

"But they don't want much. My boy, Fred, works as a shoe cutter and will keep on holding down his job. 'It's better to do something useful in this world than to be idle.'"

And you'd hire an army of servants and get some saddle horses and settle down to enjoy life, wouldn't you?

Well, now, take a look at Patrick Canning and his brother, James, both expert shoemakers for the last 25 years.

They've just inherited \$10,000,000 from their great uncle, Major Edward J. Curley, Kentucky distiller king, who died at Monte Carlo.

Are they going to enjoy life?

You bet! by keeping on the job at the shoe factory!

And their children are going to stay at work, too!

"I'd far rather make shoes than lead a millionaire's life," says Patrick. "Let me tell you there's a lot of satisfaction in doing a day's work and doing it well."

"I think I may buy a fiver—and again I may not."

"My house needs painting and I may use part of the \$10,000,000 to do that. 'My wife's been ailing a bit and I

BANKRUPTCY PETITION FOR DISCHARGE AND ORDER OF NOTICE THEREON. In the District Court of the United States for the Southwestern Division, District of North Dakota. No. 3168 in Bankruptcy. In the matter of Martin A. Nelson, Bankrupt. To the Honorable Charles F. Amidon, Judge of the District Court of the United States for the District of North Dakota.

Martin A. Nelson, of Baldwin, in the County of Burleigh, and State of North Dakota, in said District, respectfully represents that on the 6th day of October, 1921, last past, he was duly adjudged bankrupt under the acts of Congress relating to bankruptcy; that he has duly surrendered all his property and rights of property, and has fully complied with all the requirements of said acts and of the orders of the court touching his bankruptcy.

Wherefore, he prays that he may be decreed by the court to have a full discharge from all debts provable against his estate under said bankruptcy acts, except such debts as are excepted by law from such discharge.

Dated this 20th day of December, A. D. 1921.

MARTIN A. NELSON, Bankrupt.

Order of Notice Thereon. District of North Dakota—ss. On this 9th day of January, A. D. 1922, on reading the Petition for Discharge of the above-named Bankrupt, it is

Ordered By the Court, that a hearing be had upon the same on the 9th day of March, A. D. 1922, before the said court, at Fargo, in said district; at 10 o'clock in the forenoon; and that notice thereof be published in the Bismarck Tribune, a newspaper printed in said district, and that all known creditors and other persons in interest may appear at the said time and place and show cause, if any they have, why the prayer of the said petition should not be granted.

And it is further ordered by the court, that the Referee in Charge shall send by mail to all known creditors copies of said petition and this order, addressed to them at their places of residence as stated.

Witness The Honorable Charles F. Amidon, Judge of the said court, and the seal thereof, at Fargo, in said district, on the 9th day of January, A. D. 1922.

EIGHTY-EIGHTH DIVISION TO BE REORGANIZED

Headquarters Will Be At Minneapolis With Col. H. O. Willard In Charge

Officers of the World War, now resident of North Dakota, who wore the four-leaved clover insignia of the Eighty-eighth division and who held membership in the reserve will have opportunity of again displaying the shoulder decoration. Reorganization of the division on a peace time basis is now taking place. By the plans of the War Department, many of the famous regiments of the World War are to be kept alive in the reserve and the name and colors of the Eighty-eighth has been assigned a division made up of North Dakota, Minnesota and Iowa. Most of the officers and soldiers of the division, which was organized and trained at Camp Dodge were from the three states. Most of the officers in fact were in the first officers training camp at Fort Snelling.

The skeleton plan of the reorganization of the Eighty-eighth Division as a unit of the army reserve practically has been completed. Officers have been appointed in most of the states and are now awaiting orders from the War Department to reinstate the veterans of the old organization in the new reserve division. The new division will have no peace time duties, but the national system will be used by the government as the nucleus of the national army in the case of future wars or national danger. The men will not be called out unless a situation arises that cannot be handled by the regular army.

Preliminary plans of the war department call for a total of 1,500,000 men in the reserve when its organization is completed. Each division is to have approximately 20,000 officers and men. It is thought that the assignment of officers can be completed and the task of enlisting men will be started by July.

About 3,000 former officers of the Eighty-eighth Division are already under reserve commissions in the three states and from these 2,500 have been or will be selected for the commissions of the new army. The Eighty-eighth will be a part of the Seventh Corps Area, the two other reserve divisions in the area being the Eighty-ninth in South Dakota, Nebraska and Kansas, and the One Hundred Second in Arkansas and Missouri. The Eighty-ninth was at Camp Funston most of the time the Eighty-eighth was at Camp Dodge and the two divisions engaged in rather strenuous rivalry, not only in sports, but in preparation for warfare and getting ready for activities across the ocean.

Headquarters of the Eighty-eighth will be at Minneapolis where Col. H. O. Willard has been in charge for some time.

MINOT MAN IS CHOSEN HEAD OF HIGHWAY

Rugby, N. D., Jan. 12.—C. E. Danielson of Minot was elected president of the North Dakota division of the Theodore Roosevelt International Highway association at the annual meeting of the division in Rugby.

More than 50 good roads enthusiasts from counties between Grand Forks and Williston attended.

A. J. Hunter of Grand Forks was

elected vice-president, Henry F. Dooley was re-elected secretary, and treasurer.

Ernest Bylin of Tioga, retiring president, was named director of Williams county; A. J. Ross of Stanley, director of Mountrail; Dr. R. W. Pence of Minot, director of Ward; D. J. O'Connell of Towner, for McHenry; Melvin Jacobson of Rugby, for Pierce; J. Wardrobe of Leeds, for Benson; Charles Russell of Devils Lake, for Ramsey; J. Dexter of Pierre, for Lakota; and Thomas Moore of Grand Forks, for Grand Forks county.

E. J. Filiatrault of Duluth, president of the national association, outlined plans of the parent organization for 1922.

PAVED HIGHWAY ST. PAUL-FARGO SEEN BY 1923

Babcock, Head of Minnesota Road Building, Tells Moorhead Men of Plans

Fargo, N. D., Jan. 13.—The probability that \$500,000 will be available for road work in Clay county in 1923 making possible work on a hard surfaced road to connect with other trunk highways which will eventually make a continuous paved road from Moorhead to St. Paul, became known when E. J. Babcock, Minnesota highway commissioner, announced upon his arrival at Moorhead that he will recommend to the next legislature that chapter 265 of the road law be re-enacted. This would enable Clay county commissioners and others who did not take advantage of it, to issue bonds up to the extent of \$250,000 to be spent in road work. If the present policy of the national highway department officials is carried out, an equal amount of federal aid would be forthcoming, making a \$500,000 road building fund. Mr. Babcock said, Mr. Babcock and Chief Bridge Engineer Ellison are conferring with a joint Clay and Cass county committee in an attempt to devise ways and means to finance a bridge across the Red River which will connect the business districts of Fargo and Moorhead.

Through Road to Cities.
The Minnesota highway department will do some work on trunk highway No. 2 this year, Mr. Babcock said. This is the road which leads out of Moorhead and connects with trunk highway No. 4 at Little Falls, making a through road to the twin cities. Part of this road is being paved at present and it is planned to hard surface as much more as possible within the next five years. Although provisions of the highway laws now limit the amount that may be expended on paved roads to 20 percent, re-enactment of chapter 265 of the road laws would enable Clay county to pave much of that part of the trunk which runs through the county and also put into shape many other roads.

Mr. Babcock said that a few revisions will probably be made on the present route of trunk highway No. 2 if it is found that by changing, more people will be served. The general route will remain the same, however, starting at Moorhead and joining a route to the twin cities. Paving of this road would put the state 10 years ahead in the road program, he said.

FRITZIE SCHEFF SAYS LACK OF WORRY KEEPS HER FIT

FRITZIE SCHEFF

The Tribune asked several of the country's leading beauties how they keep beautiful. Following is what Fritz Scheff gave as her recipe for beauty. Others will tell their beauty secrets in stories to follow.

DON'T WORRY!

If women could only realize the destructive quality of worry, they would teach their daughters early in life to accept circumstances, try to better them if they wish, but not to fret and fuss over things.

I have seen beautiful faces of comparatively young women ruined by a nervous fretting attitude toward life. On the other hand, I've seen women away along in years with the skin of a girl just because they learned to take a philosophical view of things.

Through my whole career I have clung to my "don't worry" theory—and that is what has kept me fit.

GERMANY TO OPERATE OWN RAILROADS

Berlin, Jan. 13.—Germany probably will continue to own and operate her railway posts, telegraphs and waterways, despite efforts by certain industrialists and political leaders to induce the government to sell these public utilities to private interests.

Government ownership of railways appears to have become a stable policy following this campaign and it is staunchly supported by socialist, democratic, liberal and labor elements.

The campaign against government ownership followed the piling up of enormous deficits by all the railways and the pressure of Entente creditors for payment of Germany's war indemnities. It was argued that the roads could be made to pay a profit under private ownership and would thus be a material help to the nation in its financial dilemma.

Railroads of Germany always have been under government control but until the revolution the properties were vested in several states. The systems, however, were consolidated under the central government when the Socialists came into power.

The Socialists object to vesting ownership of public utilities in private hands.

RICHHOLT ATHLETIC EVENTS.
The Richholt school, under the direction of J. J. M. MacLeod, have planned quite an extensive series of athletic events to be staged in the Richholt school gymnasium during January and February. A small admission will be charged to the various events and the proceeds will go to the Richholt school picture fund.

Mr. MacLeod has done some splendid work with the teams and it is expected that the events will be of unusual merit.

Following is the schedule of the athletic events:

January 17.
(a)—Richholt girls, basket ball.
(b)—Richholt, 7 vs. William Moore, 8.

(c)—Relay race, Will vs. Richholt.
(d)—William Moore, 8 A. vs. Indian school.

(c)—Winners, 7, vs. Winners, 8.

February 14.
All star games.
Athletic games.

General athletic program.
The admission to the games will be ten cents, except to the actual players who will be admitted free. It is expected that St. Mary's school will also participate in this series.

Miss Alma Rorvig, teacher of the third and fourth grades at the Wachter school, has resigned on account of the serious illness of her mother.

Miss Emma Talbert of Casselton, has arrived in Bismarck and has taken up the work of supervisor of music, replacing Miss Clara Smith, resigned.

The first year term will close on January 20. The second half year will begin the following Monday. At this time the mid-year promotion occurs.

In the high school dramatics line, plans are now being made for giving the junior class play the latter part of February and the senior class play the first week in May. Those in charge of selecting the plays are considering a number of rather heavy productions. Mr. DeBolt, who has had experience in coaching, will coach the plays.

It is expected the steel lockers for the incoming class will arrive next week. The padlocks have already arrived.

"Voices" of Crickets.
Crickets sing with their wings and not with their legs. And katydids do the same. You do not believe it? Since you were a little child you have been told that crickets made their chirping sounds by rubbing their hind legs together or scraping their legs against their wings or sides, or something like that. At any rate, they made what might be called foot notes or sang by leg power.

Insect students have settled the question. They say that crickets, like nearly all other varieties of singing insects, have "stridulating organs" at the base of their wings. Rubbing these organs together, they produce vibrations and the wings, which are hollow, serve as sounding boards and increase the volume of the sound. The "stridulating organs" look like two small folded wings having saw-like edges. The insect rasps these two saw edges together.

Origin of Famous Phrase.
There was a time when "Let'er go, Gallagher," meaning start or "cut loose," was heard in all parts of the United States. The exclamation was originated by a Judge Beaver, of Morgan county, Ky., during a trotting meeting in Tippon county.

The judge had entered a mare which was driven by one Gallagher, the city marshal of Harrodsburg. Some of the sporting fraternity, thinking to catch the judge napping, entered a famous fast trotter against his horse. At the end of the first half-mile the two racers approached the wire neck and neck at a 2-40 pace. At this moment the judge shouted:

"Let'er go Gallagher!"
Gallagher hearing the words, loosed the reins and the mare rushed forward and won by almost a dozen lengths.

HAPPY PARENTS POUR OUT THEIR THANKS TO TANLAC

BLANCHE BLAIR

That Tanlac is a wonderful medicine for delicate children is conclusively proven by the remarkable results accomplished in the cases of the three children shown in this picture.

Little Blanche Blair, of Providence, R. I., age 13, gained 10 pounds; Regina McCabe, at right, age 9, of Scranton, Pa., gained 15 pounds; Little Richard Leary, Jr., of Philadelphia, who was very delicate, is now in fine, robust health. The statements made by their parents are as follows:

Mr. A. M. Blair, residing at 20 Atwood street, Providence, R. I., said: "We are just so happy over the change Tanlac has made in our little girl that we can't do or say enough to show our appreciation. She had lost nearly 20 pounds in weight and looked so frail and weak that her mother and I were both almost worried sick over her condition. Since taking Tanlac, she has already gained 10 pounds, her color is better than it ever has been and she looks and acts like a different girl."

Mrs. Catherine McCabe, 414 Dickens Ave., Scranton, Pa., said: "The little girl I have in such a bad condition that I have no idea she would be with me now. If it hadn't been for Tanlac, it is a mystery to me how she lived on the little she was eating and was so lifeless she never even cared to play with the dolls and toys she got at Christmas. Since taking Tanlac she is as hardy and well as any child could be and has gained 15 pounds in weight. I will always praise Tanlac for restoring our little girl's health."

Richard Leary, 2342 Palethorpe St., Philadelphia, said: "There is no doubt in my mind but that Tanlac saved my little boy's life. For two years I wouldn't have been a bit surprised to have seen him drop off at any time. He had stomach trouble

and many a time the gas pressed up into his chest until his heart palpitated so I thought sure he couldn't breathe but a few more gasps. But Tanlac gave him back to us strong and well and we will praise it to our dying day."

NOTE—Tanlac Vegetable Pills are an essential and vitally important part of the Tanlac treatment. You cannot hope to get the most satisfactory results from Tanlac without first establishing a free and regular movement of the bowels. Tanlac Vegetable Pills are absolutely free from calomel and are sold on a positive guarantee to give satisfaction.

Tanlac is sold in Bismarck by Joseph Breslow, and by leading druggists everywhere.

MOTHER! YOUR CHILD'S BOWELS NEED "CALIFORNIA FIG SYRUP"

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

Aid Divisions Meet and Elect Many Officers

Three divisions of the McCabe Methodist Episcopal Ladies Aid held their meeting and elected officers yesterday afternoon.

The first division held their meeting with Mrs. S. G. Severson at her home. The following officers were elected:

President—Mrs. Stott.
Vice-president—Mrs. E. E. Spindel.
Secretary—Mrs. Enge.
Treasurer—Mrs. Bonham.
Flower Committee—Mrs. Deans Cook.

The third division met at the W. K. McCormick home on Eighth street. The following officers were elected:

President—Mrs. Harry Clough.
Vice-president—Mrs. J. W. Scott.
Secretary—Mrs. W. C. Cozman.
Treasurer—Mrs. J. E. Dawson.

The fourth division met with Mrs. George Register on Thayer street. Following are the names of officers elected:

President—Mrs. J. B. Saylor.
Vice-president—First, Mrs. Henry Burman; Second, Mrs. Berrill.
Secretary—Mrs. H. S. Lobach.
Treasurer—Miss Lulu Gilliland.
Visiting committee—Mrs. Doran, Mrs. Fennell.
Sick committee—Mrs. Titus, Mrs. Alfred Dale.

Legion Auxiliary Holds Meeting

The Woman's Auxiliary of the Lloyd Spetz Post, American Legion is starting the new year with excellent prospects for the best year of the organization.

At the opening meeting of the year the new officers were in the chair and the members were very enthusiastic and evidenced much interest in the work. An outline of the work proposed for the year was given by the new president and committees will be appointed to go ahead with the year's program. Outgoing officers were thanked for the splendid reports they gave for the last year.

The auxiliary of the Legion, with the help of the post, expects to hold a circus in the near future, planning to make the circus a big carnival event for the people of the entire city.

The Woman's Auxiliary of the Legion is now organized nationally, steps having been taken to this end at the Kansas City convention. The local meetings are well attended and interest is being maintained. The organization is composed of mothers, wives, sisters and daughters of ex-service men of the World War.

Lutheran Aid Closes Very Successful Year

With the election of officers yesterday for the year 1922, the Ladies Aid of the Swedish Lutheran Aid closed one of the most successful years in their history. The meeting was well attended and all were well satisfied with the year's work.

The officers who will lead the work of the aid for 1922 are:

President—Mrs. J. J. Barth.
Vice presidents—Mrs. C. J. Ellason, Miss Ida Swanson, Mrs. John Wray.
Vice president of Mandan—Mrs. C. I. Larson.
Secretary—Mrs. E. F. Alfson (re-elected).
Treasurer—Mrs. H. Nelson (re-elected).

Local Ladies Attend Macbeth Installation

About a dozen Bismarck Lady Macbeths motored to Mandan last night and attended the installation of the new officers there. The ladies from Bismarck who attended were, Mrs. C. E. Will, Mrs. B. B. Saylor, Past Commander of the Bismarck chapter, Mrs. Henry Herman, Lieutenant commander, Mrs. Cover, Sergeant, Mrs. E. E. Morris, Mrs. Brandt, Mrs. Ellason, Mrs. Helen Corty and Mrs. Thomas McGowan.

Lady LeMars of Fargo was the installing officer. Mrs. Dow of Mandan was the Lady of Ceremonies.

Following the installation, Lady DeMars of Fargo, and Ladies Saylor, Will and Morris of Bismarck, gave short talks. A class of ten members were initiated into the lodge last night.

Following the meeting dancing was enjoyed and a delicious luncheon was served. The Lady Macbeths of Bismarck report a royal time, thanks to the ladies of Mandan.

GIVES ADDRESS TODAY

SHE OPENED THE EYES OF OPERA-GLASSES

BY ALICE ROHE

New York, Jan. 13.—Jeritza the marvelous!

It's the name of the biggest sensation the Metropolitan Opera House has known.

Marie Jeritza is the singer who has literally made the Metropolitan audience open its eyes.

No longer can the tired business man get out of going to the opera by saying he doesn't mind the music if only he didn't have to look at the singers.

Jeritza is beautiful, she is young, she is exquisitely built, she is intelligent, she can sing, she can act, she has great personality—and she is married to a baron AND she is very much in love with her husband.

This Viennese has positively shattered traditions. Her elasticity of voice is equal to her elasticity of body. She can sing in any position. She doesn't have to stand with a straight front expression, eye fastened on the director, as she takes a high note. She crouches, sits down, stoops over, lies down—it's all the same. She is a great actress as well as a phenomenal singer.

Jeritza sings Italian and the heaviest German opera with equal ease. Her Sigmünde is as inspiring as her Tosca.

And when you meet her face to face, you find this wonderful young creature as bashful about being interviewed as a school girl.

Baron Popper is the husband of Jeritza and he is the son of Blanche Marchesi, the celebrated Parisian voice teacher.

"It is nice to have America like me," said Jeritza, in broken English. "But what more can I say? I am not temperamental—I'm just a simple woman with a life work to perform. I love my art and I love my husband."

The hours were spent dancing after which light refreshments were served by the hostess. Mr. and Mrs. N. E. Jensen of Britton were out-of-town guests.

MARIE JERITZA

I think the thing I want to be most of all is just a normal woman.

"I want to do as well as I can the things nature has made it possible for me to do. I work very, very hard and I want to keep my mind always open so that I can understand all the people in the world."

"To be a great opera singer one must be a great actress and to be a great actress one must understand human beings. Acting and singing in grand opera are one—they cannot be dissociated if grand opera is properly interpreted."

THE AIR PIONEERS

Twelve hundred Americans now have their own airplanes, says the Aeronautical Chamber of Commerce.

The figure is for civilian fliers. It does not include aviators on the government payroll.

During 1921, these 1200 civilian air pioneers flew a total of more than 6,500,000 and carried 275,000 passengers.

This means that if you had your own flying machine you could expect to get out of it about 5417 miles a year and give rides to 230 friends a year, on the average.

Experts estimate that flying by civilians gained a fifth last year.

In the long run, the history of humanity may select that as the most important progress made by Americans in 1921.

Conquest of the air made rapid strides last year. American fliers broke many records during 1921.

Uncle Sam's air mail force increased its average efficiency to about 90 per cent. It now is recognized as a model the world over. Two-day mail service across the continent!

Flying forest rangers discovered 838 forest fires during the year.

Late in 1921, Stinson and Bertaud broke the endurance record by remaining in the air 26 hours 19 minutes and 35 seconds.

Another record broken in America during 1921 was by Lieutenant J. A. Macready, who in September reached an altitude of more than 37,800 feet above Dayton, O.

Successful parachute drops from a height of 25,000 feet were made during 1921.

We look on these as achievements. So they are. But the achievement of today is the commonplace of tomorrow.

The first airplanes were looked on as county-fair curiosities. But so were the first steam railroad locomotives, which burned cord-wood for fuel and had slide-brakes like a stage-coach.

Few of us fully realize the tremendous strides that have been made by airplane flying.

It is only a matter of a few years until flying will be as safe as traveling on the ground.

The great flying feats of America's air pioneers are paving the way for safe, cheap and phenomenally flying up the average American, now riding in street cars or autos.

And it's an American invention!

RELIC

The alcohol where the Bronx cocktail was invented, is sold in New York for \$10. And still there are some people who think that prohibition "isn't workin'."

The transaction is of historical interest. It will start a lot of old-time bar flies roaming through memory.

In another generation, it will require an hour's research in a library to learn the meaning of "Bronx cocktail."

REVEALED

The first monument to the boll weevil—cotton destroyed—is unveiled at Enterprise, Ala. It is a bronze fountain, in the business district, with the tablet reading: "In profound appreciation of the boll weevil," etc.

The idea is, that the boll weevil, by its ravaging the cotton crop, is turning the one-crop south into a self-supporting agricultural country.

Crop diversification is the farmer's insurance against failure.

DAWN

Seven new women's colleges have started in the Far East. Three are in China, three in India, one in Japan, says Mrs. Murray Frame, of Yen Ching College, Peking.

The gradual emancipation of women is the biggest news coming out of the Far East. It is the first real proof that the orient is awakening.

A civilization is accurately measured by the way it treats its women.

GROWTH

Up to the age of 6, boys average only a pound heavier than girls, and about a half inch taller. This is shown in a survey by the federal children's bureau.

The tallest and heaviest children are in California. That's one of the mysteries of climate.

The two sexes have an even start, up to 6 years.

In maturity, difference in height and weight usually is attributed to sex. It may be largely due to difference in environment.

Women, entering business and pursuing outdoor sports more than formerly, unquestionably are becoming taller.

PROFITS

A railroad propaganda bulletin mourns that the railroads, in the 12 months ended last Sept. 30, earned an average of only two and three-quarters per cent on their property investment.

Thousands of business organizations would be in their seventh heaven of happiness if their showing were as good.

Some of the big dinosaurian businesses, which lately have been hanging around receiver's court, will second the motion.

STAGED

When brides get cranky. Or when the baby cries. Maybe all that's wrong is the color of the wallpaper, says Ross Crane, artist and interior decorator.

A harmoniously furnished home, without screaming colors, is restful to the eyes and soothing to the nerves.

Happiness is harmony. It is never achieved in an inharmonious environment.

Women, in furnishing and decorating a home, should go about it as if they were staging a play.

TENANTS

The average rental of farms is only 3 1/2 per cent of the value of the land. This is announced by the Department of Agriculture, after an "extensive investigation" which included a third of all rented farms.

On the basis of these figures, farm tenantry is not as big a problem as has been generally believed.

Most of the Great American Problems exist only vaguely, if at all. In the midst of comparative plenty, we Americans buy the street lamp, thinking it's the moon.

JILTED

Breach-of-promise suits are becoming rare in the courts of England. In wartime they were many and sensational. Emotions are setting back to peacetime calm and girls are looking twice before they leap, comments a prominent London sex lawyer.

The calming of wartime's highly-strung emotions is noticeable in other ways.

All emotions run riot during a war. War is emotional insanity. Peace is the recuperating spell between fits. Real disarmament will come eventually. It's the only strait-jacket that can confine the patient when he again shows signs of emotional violence.

EDITORIAL REVIEW

Comments reproduced in this column may or may not express the opinion of The Tribune. They are presented here in order that our readers may have both sides of important issues which are being discussed in the press of the day.

THE "INROADS" OF LIGNITE

"Lignite coal from North Dakota is proving a bugaboo to dock companies, with increasing reports of shipments made to the southern part of the state. Dealers are not handling the fuel, inroads being made by the 'snowbird' route, the curb dealer who ransacks the countryside for orders, gets his car and then collects the cash. Dock companies are unable to compete with the price lignite is being offered at, even with the cheapest grade of coal."

—Minneapolis correspondence of The Black Diamond, official organ of the coal trade.

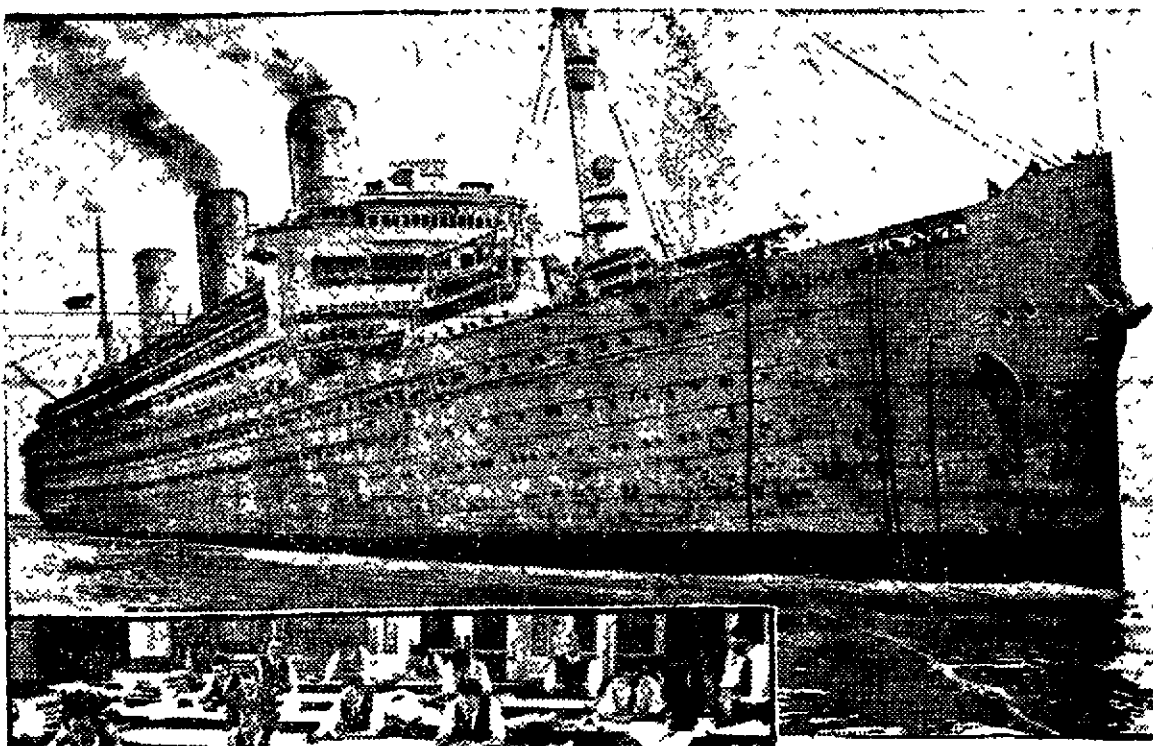

If North Dakota lignite can make such alarming "inroads" on the southern Minnesota market, where freight rates on lignite are one-third to one-half greater than to Fargo, and where eastern coal is considerably cheaper, why is it that at least two-thirds of the fuel consumption in Fargo is of eastern coal?

The foregoing quotation is written from the coal dealers' standpoint and it appears in a journal that should be exceptionally well informed on conditions in the coal trade. Another reference to lignite is contained in another issue of the same journal. It says:

"Shippers from the twin cities are much concerned with reports that lignite from North Dakota is making serious inroads into their southern Minnesota business. One small southern Minnesota town is reported to have already received nine cars of lignite. With business in a depressing strain, dock men did not welcome the news."

Perhaps dock men might not welcome the news, but the consumer is less concerned about the dock men's feelings than he is about getting cheaper coal. As long as freight rates remain at their present high level, the sole hope of cheaper fuel for North Dakota lies in its own lignite. The two big problems with which the lignite producers have to deal are the public's lack of information about lignite and how to burn it, and the freight rates. Both problems can be solved by energetic and co-operative effort and when they are this state will very quickly jump from the class of those mining 1,000,000 tons of coal to those mining five or ten times that amount. More than 200 architects and master mechanics are at work on the Leviathan preparing her for passenger service. The Germans refused to relinquish the ship's plans for less than \$1,000,000, so the draftsmen are at work in the ship's famous winter garden making diagrams of wires, pipes, etc.

A WAYSIDE PRAYER

(By Florence Borner.)

Oh, little bird that gayly flits
From twig to leafy tree,
And helps to fill this sad old world
With sweetest harmony,
I hear thy music every day,
Then, why must I forget to pray?

Oh, little flower along the way,
I sense thy fragrant bloom,
And stop to revel in the bliss
Of thy sweet, faint perfume,
Thou givest all thou hast to me,
Then, why must I live selfishly?

Oh, singing bird, and swaying flower,
A lesson ye have given;
If I but seek to gain the prize,
In vain have I then striven,
But if a helping hand I lend,
The world will know me for a friend.

This then shall be my wayside prayer:
Lord, grant my light so shine,
That others seeing it take heart
To brave the steep incline,
And, when they've reached the topmost stair,
They'll leave their lights still shining there.

PEOPLE'S FORUM

REPLIES TO WILTON

Editor The Bismarck Tribune
Regarding the newspaper discussion of the inconsequential game played at Wilton during the holidays permit the following comment: The writer realizes the futility and childishness of petty bickering over such trivial matters especially in a dignified organ such as a city newspaper.

Since the article referred to is more of a personal attack than a discussion of the events, the writer refrains from discussing the bulk of the claims. However, upon interview, Mr. Swanish merely claims incompetency on the part of referee.

Regarding any "feeling" referred to in the Wilton article, will say that no regrets are necessary as same does not exist as majority of our school does not even know that the team played a game with Wilton on the annual vacation trip and one never hears the matter even referred to about the building.

In commenting on the game will say that a team playing ten games in 11 days committing a maximum of four fouls in any one of the nine games, preceding the last one, would not be apt to commit 21 fouls in practically one-half of the tenth game, provided the officiating during the tenth game were on a par with the preceding nine. In 99 cases out of 100 of satisfactory officiating in athletic contests, same can be attributed to incompetency rather than lack of integrity on the part of the officials.

Whole Family Sick

"All of my six brothers and sister, as well as myself, have suffered since childhood from stomach and liver trouble and bloating. I thought it ran in the family and that I could never be cured, but, thanks to Mav's Wonderful Remedy, since taking it nearly a year ago I have been enjoying the best of health and feel like a new person. I have no trouble from anything I eat. It is a simple harmless preparation that removes the natural mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. P. E. Island Takes The Lead In Fur Farming

Ottawa, Ont., Jan. 12.—Prince Edward Island, according to statistics just issued by the Dominion Bureau of Statistics, leads all Canada in fur farming, the provinces having 309 fur farms with a value of live stock amounting to \$3,089,970. The principal business continues to be in foxes, the sale of pelts in 1921 reaching a total of \$1,000,000, the largest in the history of the industry.

In the nine provinces of Canada and the Yukon there were 587 fur farms in operation during the year. Silver, patch, red, blue and white foxes being bred, also mink, raccoon, skunk, isher, lynx, martin and Karakul-sheep. There were 13,694 silver foxes on the farms, three blue foxes and only one white fox. The total value of these animals was \$4,725,995.

During the year there were 9,345 silver foxes born on the different farms, and 3,535 were killed for pelts. A further 414 adults and 1,035 puppies died natural deaths. One thousand and seventy live foxes were exported.

British experts estimate the known available coal fields insure a supply enough for normal needs of the world for 400 years.

ADVENTURE OF THE TWINS

By Olive Barton Roberts

Soap-bubble Land was a funny place. When Buskins stopped the little apple-tree elevator and the Twins stepped off, dozens of soap-bubble people of every size came bobbing along to greet them. There were soap-bubbles from almost every nation on the earth, although it is shocking to say that there are places (and big ones at that) where there are no soap-bubbles because there is no soap.

One big fellow sprang lightly up to the top of Nick's head and balanced himself there for a minute.

"Hello, Nick," he called into the little boy's ear. "don't you know me? I'm the big bubble you blew with your daddy's shaving soap. I'm considered very aristocratic up here. I shine with a hundred colors and smell very nice. Thank you very much for using such fine soap."

"You're welcome," said Nick. "But when daddy found it out he took my blow-pipe away for a week. I have to use laundry soap now."

"Don't I know it," grumbled a cross-looking bubble, rolling up. "I'm the last one you blew. Look at me, brown as a lump of mud and a strong scent of kerosene. Ugh!"

"That's too bad!" said Nick. "but you see I couldn't help it."

But the bubble had worked himself into such a rage that he burst with indignation.

"Well, he wasn't happy anyway," said Nancy. "Oh, look there!"

A bunch of bubbles came along singing a song which went like this:

"A rub a dub dub,
We were born in a tub,
Where we splashed and we foamed
and we played,
We slid down the board,
And with laughter we roared,
'Til we frightened Susannah the maid."
Away they all scampered, playing leap-frog and a dozen other games known only to soap-bubbles.
It was a jolly place.

LEAVES SENATE FOR LEGION

Connecticut Lawmaker Resigns to Accept Commandership of Department of His State.

Clarence W. Seymour, Hartford, Conn., tendered his resignation as state senator in the Connecticut legislature to accept the commandership of the Connecticut department of the American Legion, to which he was elected last September.

The constitution of the Legion makes it impossible for a state commander to hold a public office, and when Mr. Seymour was called upon to decide between the legislature and the Legion, he placed the commandership first in importance.

Mr. Seymour, a graduate of Yale in both arts and law, enlisted in the Connecticut cavalry in 1914. He served on the Mexican border in 1916, and later was commissioned a first lieutenant at the Plattsburg training camp. He served in France as battalion adjutant of the One Hundred and Eighteenth field artillery, Thirty-first division.

After his return from France he was elected state senator. He was a member of the military committee of the 1921 general assembly.

ONLY POLICE WOMAN MEMBER

Mrs. Rose F. Taylor Belongs to New York Post Composed Entirely of the "Bravest"

Mrs. Rose F. Taylor, pioneer police-woman of the United States, is the only woman member of the Lafayette Post of the American Legion, New York City, composed entirely of members of the New York police force. Mrs. Taylor has been stationed at the 47th street station, the busiest in the "Great White Way" district for ten years and she was the only police-woman at the 65 employed in New York who went into war service.

In July, 1917, Mrs. Taylor joined a New York hospital unit and went to France where she was stationed at Savenay, Paris, and with mobile hospital No. 10 at the front. Her overseas service lasted twenty months. Mrs. Taylor is a graduate nurse of the New York Post Graduate hospital.

WOMAN IS VICE COMMANDER

Mrs. Amy Robbins Ware of Minnesota Is First of Sex to Hold Office in State.

Mrs. Amy Robbins Ware, Robbinsdale, Minn., who served during the World war as a member of the army nursing corps, is the first woman of Minnesota to hold the office of state vice commander of the American Legion. Mrs. Ware started delegates to the last convention of the Legion at Winona, Minn., by arriving at that city in an airplane.

In the convention, Mrs. Ware was nominated for the vice commandership by a man—Dr. M. E. Withrow of International Falls, Minn.—who had served with Mrs. Ware in the Argonne forest.

Mrs. Ware is the third member of her family, in as many generations, to serve as war nurse. Her mother and grandmother were volunteer nurses during the Civil war.

While in France, Mrs. Ware wrote a book of poems, "Echoes of France," which have been widely praised.

90 PUBLICITY MEN IN POST

Number of Boosters in S. Rankin Drew Unit Assures Body of Most Effective Advertising.

Of all the 11,000 posts of the American Legion in the United States and in 14 foreign countries, the one that slips into the limelight most often is the S. Rankin Drew unit of New York City. The fact that the post has 90 publicity men on its roster should explain it all.

Named for the first American actor to die in France, some of the country's foremost actors of the legitimate stage sought membership following their war experiences. Motion picture men and those interested in the allied amusements, along with 35 genuine and successful, more or less, playwrights complete the membership.

The post stages an annual show in the New York hippodrome, calling a meeting of its membership to assemble a stellar cast. The 90 publicity men do the rest and the money is given to charity.

DANDY DAIRY

MAKING MILK IN NEBRASKA

Figures Obtained Probably Approximate Requirements in Other Sections of West.

(Prepared by the United States Department of Agriculture.)

Here is what it costs, in labor and feed, to produce 100 pounds of market milk in eastern Nebraska: Winter, six months—concentrates, 41.2 pounds; dry roughage, 95.3 pounds; silage and other succulent roughage, 93.6 pounds; bedding, 11.1 pounds; human labor, 2 hours; horse labor, 0.06 hour; hauling and grinding concentrates, \$0.010; pasture, \$0.108; total costs, except depreciation on cows, \$0.788; depreciation on cows, \$0.018.

Summer six months—Concentrates, 11 pounds; hauling and grinding concentrates, \$0.004; dry roughage, 51.2 pounds; silage and other succulent roughage, 29.3 pounds; pasture, \$0.653; human labor, 1.9 hours; horse labor, 0.08 hours; total costs except depreciation on cows, \$0.805; depreciation on cows, \$0.084.

The work of determining the cost of producing milk in this section covers two one-year periods. It was begun by the bureau of animal industry, United States Department of Agriculture, in co-operation with the department of dairy husbandry of the University of Nebraska, in September, 1917, discontinued at the end of the first year, and resumed in September, 1919. The figures reported were based on actual records obtained by regular monthly visits of 24 hours each to eight farms for two years, and to 22 other farms for one year.

The requirements for keeping the average cow one year were: Concentrates, 1,529 pounds, hauling and grinding concentrates, \$0.60; dry roughage, 4,275 pounds; silage and other succulent roughage, 3,593 pounds; pasture, \$22.01; bedding, 340 pounds; human labor, 119.6 hours; horse labor, 3.2 hours; other costs except depreciation on cows, \$46.35; depreciation on cows, \$4.78.

During the first winter and summer the average incomes from milk were not sufficient to meet the average costs. In the second year the incomes were above the average costs in both seasons. The greater percentage of the year's income was received in the winter, but the feed, pasture and bedding costs exceeded the summer costs.

Feed for Dairy Cows Should Be Carefully Weighed.

by a greater percentage than the winter receipts exceeded the summer receipts. Although the figures obtained show what was required to produce milk for the Omaha market under the system of dairy management found in the section studied, and probably approximate the requirements in similar localities, it is pointed out by the department that they, of course, do not apply to dairying in sections where different conditions and methods of management prevail.

Additional details of the record and work are contained in department Bulletin 972, "Unit Requirements for Producing Market Milk in Eastern Nebraska," recently issued by the United States Department of Agriculture. Copies of the bulletin may be had by addressing a request to the department at Washington, D. C.

MOLD REPORTED IN SILAGE

Trouble Occurs Only Where Air Is Present, Generally Caused by Lack of Water.

The usual number of complaints are coming in regarding the presence of mold in silage. Mold can grow only when air is present. Air generally gets in as the result of the silage being too dry when put into the silo. If water was added, not enough was used. Poor packing may cause the same trouble. Mold around the doors and against the wall is the result of poor construction of the silo which allows air to enter. Nothing can be done now to remedy the condition. At the next filling time special care should be taken to see that the corn contains enough moisture and that it is well tramped. It is always safest to reject moldy silage especially for horses and sheep, although for cattle there seems to be little danger.—C. H. Eyles, chief of the division of dairy husbandry, University Farm.

SCORPIONS FOUND IN NORTH DAKOTA; TROPICAL INSECT FEELS AT HOME

Fargo, N. D., Jan. 12.—Scorpions in North Dakota! Shades of the tropical sun! exclaimed Dr. R. L. Webster, entomologist, North Dakota Experiment Station, as he opened a small box sent to the Agricultural College from Alexander, N. D., and discovered three spider-like animals that had been found in a lignite mine 20 miles south-east of Alexander, and had been sent to the Agricultural College for identification as to species. The scorpion ordinarily is found only in tropical or semi-tropical climates, and these are the first ever found in North Dakota, as far as records can be found. Their sting is poisonous. The scorpions are of the species Uroctonus mordax Thor, found on the Pacific coast and Central America, and was brought to the McKenzie county mine on timber used in the workings, in the opinion of Dr. H. E. Ewing of the U. S. National museum.

VALLEY CITY'S TEAM IN GOOD SHAPE FOR TILT

Come Here to Try and Duplicate Previous Basketball Victory Over Bismarck

The Valley City High School basketball team, which meets the local team at the high school gymnasium here tonight, comes in as one of the strongest teams in the state and all visiting players are in the condition. Valley City won the championship last year and the team is out after the honors again this year.

The Valley team, as written a man with the experience who is an all-around forward and who is one of the best players in the state this year. He is a good shot and can pivot to perfection, and this season is feared by all guards. The Valley City team has many clever offense plays which are hard to break up and also a strong defense. They beat Bismarck at Bismarck and now that the local team is back in condition after the two weeks trip, they expect to win, but know they will have to put up the hardest fight that may be expected this year.

With Scroggins, Doyl and Midland at guards, Allison at center and Burke, Brown and Kludt at forwards, it is expected that the local team will be ready to put up the best battle of the season. The game is called at 8 p. m. and as a preliminary the business men are to give an exhibition of valley ball. A great crowd is expected to see the game.

GEORGES PUTS COOK TO SLEEP IN 4TH ROUND

Frenchman Gives Australian Taste of What Jack Dempsey Gave Him in Battle

London Jan. 13.—Georges Carpentier, European heavyweight boxing champion, knocked out Geo. Cook, Australian heavy weight, in the fourth round here last night.

A straight left to the chin and a right to the jaw floored Cook for the count. He was up on one knee when the referee, Jack Smith, finished the count of ten, but was too late.

The weights were announced as Cook 185 pounds and Carpentier 170. In the opening round Carpentier

MEN SWIMMERS CROWN HER QUEEN OF PORPOISES

By NEA Service.
Dubuque, Ia. Jan. 13.—Queen of Porpoises.
She is Dorothy Hoag, 20-year-old member of the American Red Cross life saving corps.
The honor was bestowed upon her by the University of Iowa life saving corps. And lest this honor pass lightly by it is well to mention that the Porpoise club is an exclusive men's organization. The membership is open only to the most graceful and the best swimmers in the Red Cross outfit.

Miss Dorothy is to preside at the annual aquatic meet to be held in Iowa City at the University of Iowa. Lake swimming? She says it's the best sport of all.

Her dad, Dr. W. Hoag, has had a leap to do with her water ability for back in her teens. Dorothy had a tully equipped gymnasium in her own home. And father used to tip daughter off to all the rudiments of this and the other stroke.

Taken in college C. E. Danbert, swimming instructor, carried on. Mother Hoag also deserves credit. She is president of the Dubuque Women's Red Cross life saving corps and one of the crack swimmers of the outfit.

In the Hoag family it's a case of like father and mother—like daughter. Only daughter seems to have the edge.

DOROTHY HOAG.

was the first to lead, scoring with both his left and right without a return.

Cook tried for a right swing but missed. Considerable fighting followed in which neither man had any marked advantage. Cook took a nasty blow on the ribs, but himself scored well toward the close of the round.

Both men sparred cautiously at the beginning of the second round. Carpentier landed a left hook to the jaw and easily evaded an attempt at a counter. The Australian hit the better of the infighting which ensued and twice sent home hard lefts which surprised Carpentier who continually failed to find openings for his right.

Up to the third round the bout appeared to be going in favor of the Australian. In the third Carpentier landed a light left to the chin but at close quarters Cook fought hard. Carpentier's best work seemed to be at long range. Near the end of the round the Frenchman scored well with lefts and rights to the head and body and it was easily his round.

Rights Do the Trick
The Australian caught Carpentier with a blow to the jaw after the bell had sounded and was cautioned by the referee.

Early in the fourth the fighting was mostly at close quarters. Carpentier twice landed lefts to the head and Cook scored to the chin. The Australian then rushed Carpentier but only to meet with a straight left to the jaw and two rights to the same place which ended the bout.

There was heavy betting with Carpentier the favorite at five to two.

Clifford's Skating Rink is open. 10c in the afternoon and evening. Free on Sunday.

JAMESTOWN QUINT VERY CONFIDENT

Jamestown, N. D., Jan. 13.—Followers of the Jamestown High School basketball team are convinced the team this year will give a good account of itself in the season's play. Three of last year's players are back, a number of the last year's second team and all the new material a coach could desire. As far as known the schedule of the team calls for meeting with all the better teams of the southern half of the state and Minot from the northern section. The team will also make the attempt to win in the district tournament to give it a right to compete in the state finals.

One guard in Tom Tomas, one forward in Leslie Rathen and a center in Heinhold Buss are the last years veterans.

Mch. 10 and 11—District Tournament at Jamestown.

"BREAKERS" AHEAD FOR BISMARCK?

Bismarck, after going through a preliminary season in which they lost two games, one of these to the last years state champions, is facing the

test of the final games of the year without any too much confidence in the ability of the squad to meet a big rugged team. The squad thus far has shown itself as clever and alert on the offensive but the pair of guards who graduated a year ago have not been thoroughly replaced.

Alison, last year's center, is captain of the team and has had little trouble in winning his old place. Burke, a last year's forward also had held his place without a struggle, but Kludt, the high scorer of the team a year ago, has had a harder place to hold and his condition has been such he has been at a disadvantage in his battle with some husky youngsters. Of the newcomers, or men from the second team last year, Brown and Haloran have fitted into the team in good shape, the first named being a consistent scorer in the games played to date. The other first year men, all freshmen or sophomores, are Hoover, Hassel, Robinsdale, Livdahl, Durst and Scroggins.

The announced games for the rest of the season are:
Jan. 20—Fargo at Bismarck.
Jan. 27—Bismarck at Mandan.
Feb. 3—Jamestown at Bismarck.
Feb. 9—Dickinson at Bismarck.
Feb. 16—Minot at Bismarck.
Feb. 24—Bismarck at Casselton.
Feb. 25—Bismarck at Fargo.
Mch. 2—Bismarck at Dickinson.
Mch. 4—Bismarck at Glendive.
